Address of relevant RRA is given in the Annexure-2

NATIONAL ENVIRONMENT AWARENESS CAMPAIGN **2009-2010**

THEME

“CLIAMTE CHANGE”

The National Environment Awareness Campaign launched by the Ministry of Environment & Forests, Government of India in 1986, is being continued this year also. Several non-governmental organizations, educational and training institutions, professional associations, scientific bodies, community organizations, and also a whole range of other agencies participate in the campaign. These bodies singularly or in partnership with other organizations, organize programmes for creating environmental awareness followed by field action at the local, regional and national level.

While the National theme for NEAC 2009-2010 is mentioned above, all the RRAs may also choose local/regional themes under the umbrella of “Climate Change” if necessary.

What are these Programmes?

Annexure-I gives an indicative list of the kind of awareness activities that may be organized for different target groups during the Campaign. In view of the wide range of inter-related environmental problems facing the country, the activities of the Campaign shall focus on scientific environmental issues and problems relating to main/regional/local theme. Emphasis should be given for devising concrete, action-oriented activities on the issue/problem identified.

Support Structure for the Campaign

The Campaign is being planned and overseen by the Ministry of Environment & Forests. The decentralized mechanism adopted for conducting this Campaign since 1993 is being continued this year too. Thirty-four organizations located in different parts of the country have been designated as Regional Resource Agencies (RRAs) this year for assisting the Ministry in conducting this Campaign.

Role of Regional Resource Agencies (RRAs)

RRAs will assist the Ministry in planning, implementing, monitoring and evaluating the Campaign in their respective areas. The RRAs will inter alia:-

- (i) Print proforma for submission of applications as per the model furnished by the Ministry.
- (ii) Dispatch the proforma free of cost to all the interested organizations in their region.
- (iii) Organize district-wise open workshop(s) for NGOs/interested organizations in their regions to provide them the guidelines and assistance for formulating their programmes, especially the action oriented component and for filling up the proforma.
- (iv) Scrutinize all the proposals received from various organizations in their region and prepare a brief summary of proposals for consideration by the committee.
- (v) Assist the Committee in considering the proposals received from their region. The RRAs would have to provide information about the competence and past experience of each organization.
- (vi) Disburse funds sanctioned by the Ministry to various organizations in their region for conducting NEAC activities.
- (vii) Physically monitor the NEAC activities conducted by various organizations in their region. A separate Monitoring Report in respect of all Physically Monitored programmes to be submitted to the Ministry.
- (viii) Maintain audited statement of accounts of the money disbursed to each organization.
- (ix) Procure Utilization Certificate, Report of Activities and Statement of Accounts from each participating organizations for submitting a

consolidated UC & audited statement of account in respect of their area of jurisdiction.

- (x) Prepare an Evaluation Report of the NEAC activities conducted by each organization in their region.

The invitation

This write up and the attached copies of the project proposal proforma are being sent to organizations and groups active in the field of environment education and awareness and interested in participating in the Campaign. Individuals and unregistered Societies/ Trusts are not eligible for receiving financial assistance for this campaign. Kindly note that the completed proposal in the prescribed format is to be sent only to RRA and not to the Ministry directly. **Proposals submitted to the Ministry will not be considered.**

A set of Regional Committees constituted by the Ministry of Environment and Forests will appraise the proposals and decide the budgetary support for them. It is clarified that the decision to approve/ reject any proposal including the quantum of assistance to be provided is taken only by the Committee constituted by the Ministry. RRA has no role in this. The decision of the committee will be communicated to the Campaign participants by RRA. The approved amount would be released to the participating agencies in two installments as follows:

- (a) First installment comprising 80% of the sanctioned amount would be released along with the sanction letter.
- (b) The second installment of the balance amount shall be released on receipt of report, utilization certificate and audited statement of account.

Time schedule to be followed by the participating organizations

NEAC 2009-2010 would essentially be composed of a spectrum of short duration programmes for creating environmental awareness among the citizens of India.

1. The Campaign activities would be spread between 25.10.2009 to 28.2.2010
2. All programmes should definitely be concluded by 28.2.2010.

3. Projects that would most effectively reflect the theme of this year and woven around local environmental issues and problems and which succeed in emphasizing the importance of local citizen action in combating the same may receive priority while consideration by the Committee.
4. The use of non-conventional media and methods of creating environmental awareness would be welcomed.
5. The programme **MUST** have some action component that will ensure result in concrete action. However, projects aimed only at physical work to rejuvenate the environment will not be considered under this Campaign. Such programmes could well be a part of follow up efforts to be separately taken up.
6. Purchase of equipment or other fixed assets would not be granted financial support from the Ministry of Environment & Forests under this Campaign.
7. Projects that involve collaborative effort between more than one organization and which secure co-operation from local authorities, agencies etc. in advance would be viewed favorably.
8. RRA must be informed about the details of the programme including dates, venue etc. sufficiently in advance (at least weeks). Failure to inform will result in non-payment of second installment.
9. A full report on each programme with photographs and news clipping (if any), together with Utilization Certificate an audited statement of accounts would have to be submitted by each participating agency receiving financial support from RRA latest by 15.3.2010.
10. Financial assistance is provided under NEAC to various organizations to supplement their efforts and hence the quantum of financial assistance usually ranges between Rs.5,000/- and Rs.20,000/-. A marginally higher financial assistance may, however, be considered but only in exceptional cases. The proposals shall, therefore, be submitted keeping this in view.
11. The last date for submission of complete Application form to the RRA is 14.8.2009.
